

STATEMENT OF PURPOSE

RS20166

Changes to 49-411 (4), 49-432 (3), 49-1627 (5): To create a new class of license plate (Dealer Laden Plates) allowing licensed Idaho dealers to use inventoried vehicles for transporting current and future vehicles. The operating fee for a laden dealer or manufacturer plate will be equal to the fees for commercial vehicles pursuant to section 49-434(1) Idaho Code for 26,000 pounds.

The laden dealer plate would be issued with the following limitations:

- The laden plate could only be used on a power unit which is in the inventory of the dealer it is issued to.
- The laden plate could only be used in connection with the manufacturers or dealers business to move vehicles in their inventory to a dealer, from dealership to dealership, from a dealership to and from off-site locations in promotion of the dealers business and to move vehicles in the dealer's inventory to and from auctions.
- The laden plate shall not be used for personal use by the dealer or a licensed full time or part time salesman of the dealership.

Some technical corrections are also included.

FISCAL NOTE

No fiscal impact to the General Fund.
